

across the border and not follow our laws, disregard our laws. It is just not right.

So it is important that we build this wall, that we come together in a bipartisan fashion to find a solution to this, that we find \$5.7 billion, which is hardly anything.

You saw the chart earlier from Representative NORMAN about what a small sliver of our entire budget that would be. Surely all these lives of individuals and our families' security and safety are worth finding that sliver amount of money.

We pay over \$50 billion every year in foreign aid, and we want \$5.7 billion for a wall. Madam Speaker, \$50 billion we send to other countries, many times for them to secure their border, yet we can't find \$5.7 billion or we can't get support for that from the other side of the aisle so that we can secure our own border. That just doesn't make sense.

We can do better.

I appreciate all of my colleagues who have come down tonight to have this conversation on this topic and to talk about how it can come about for us to come together to find this solution, reopen government, and to make sure that we have a secure border for our Nation, to stop the flow of drugs, and to keep our country safe.

Madam Speaker, I yield back the balance of my time.
